Who are we?

AUXAN was founded in May 2013 in Morges, near Lausanne, Switzerland. It is an officially recognised non-profit association devoted to the protection of animals, serving the Public Interest and with no political affiliation. AUXAN's primary objective is to help and support animal rescue centres and associations in difficulty, both in Switzerland and in other countries, so that they can continue to take in, care for and feed animals (cats, dogs, horses, etc.) that are either homeless or abandoned, ill-treated or at risk.

Origin of the association's name "AUXAN":

The name is a combination of two Latin terms:

AUXilia **AN**imalibus

which means help, aid, assistance and

one of the plural Latin forms of the word "animalis" or animals

OUR WORK:

The assistance given to each animal shelter in difficulty is defined on a case-by-case basis according to their specific needs. The support can take the form of:

- Donations of food for the animals
- Help in purchasing equipment for the improvement of the animals' living conditions (e.g., fencing, heating)
- Offer coaching to help charities gain more visibility
- Occasional animal fostering

Financial aid to cover outstanding invoices or veterinary fees

Donations of medical supplies (disposable or equipment) enabling veterinarians to treat animals in optimal conditions

Our Achievements

Thanks to our loyal donors and a network of trusted partners, we are able to help stray animals, pets and livestock all over the world. **Our love of animals goes beyond borders.**

Our mission consists in accompanying and supporting the different organisations in need of help, which are seeking appropriate solutions. This means that we are at the same time **protagonists and spokespersons for their current situation and/or their projects.**

As a result, our role is to help in the following ways:

DIRECT

- Donations of food, medical supplies (e.g. surgical sutures, bandages, syringes, electrical scalpels), financial aid (e.g. unpaid veterinary bills)
- Project management (e.g. renovation work in a shelter)
- Spay and neuter campaigns, etc.

INDIRECTE

- Fundraising, sponsorship, networking, support, etc.

Since 2013, we have been working relentlessly to rescue animals in distress. Here are a few examples of our work:

2023, our ten years anniversary!

Over the last ten years, Auxan has helped **67 associations** dedicated to the protection of animals in **17 countries!**

Our partners:

We would like to take this opportunity to warmly thank all our partners, based in Belgium, France, Germany and Switzerland, for their support and trust. It is thanks to the generosity of all these manufacturers, distributors, laboratories, hospitals, foundations and/or companies, which are often linked to the health sector, that we have been able to help animal welfare associations in need.
